

Pesticide-Free Farming for a Healthier Nation

25th - 27th OCTOBER 2024
PUTRAJAYA INTERNATIONAL CONVENTION CENTRE (PICC)

ASF

Join us for **Asia Smart Farming & Food Security 2024**, where innovation meets sustainability. Explore breakthroughs like DNA No-Self Technology and Integrated Pest Management (IPM), paving the way for pesticide-free farming. Dive into eco-friendly pest control, precision agriculture, and more. Let's cultivate a future of smarter, sustainable agriculture together.

What To Expect

- Cutting-Edge Technology Exhibitions
- Expert-Led Workshops & Seminars
- Interactive Demonstrations
- Networking Opportunities
- Knowledge Sharing Sessions
- Skills Development Programs & Workshops
- Panel Discussions & Keynote Addresses
- Product Launches & Innovations
- Collaborative Opportunities

Our Speaker

Prof. Stefano Mazzoleni

Professor
University of Napoli Federico II

Dr. Taco Bottema

Senior Business
Development Consultant
NoSelf AND

Dr. Hawa Charfaray

Group Executive Director
Hadarat Global
